VOL. XXII.

THE BIG SPEECH

WHICH HARRISON WENT ALL THE  
WAY TO DRIVE.

HE TALKS TO THE TEXANS ABOUT SHIPPING

And Dwells Upon Reciprocity as His Own  
Entirely—A Speech Which Entirely  
Ignores Jim Blaine, of Maine.

GALVESTON, Tex., April 19.—At the Beach  
hotel, late last night, in response to the cordial  
welcome to Galveston, President Harrison

said in part:  
I am glad to have been able to traverse this har-  
bor, and to look upon that liberal work which a  
liberal and united government has inaugurated for  
your benefit, and for the benefit of the north-  
west, [great and prolonged cheering.] I have  
always believed that it was one of the  
undisputed functions of the general  
government to make these great water-  
ways which penetrate our country and  
these harbors into which our shipping must come,  
to receive the tribute of rail and river, safe and  
easy of access. This ministering care should ex-  
tend to our whole country, and I am glad of the  
adoption of a policy which will insure that the  
work here at least, which I insisted upon in a  
public message. [Great and prolonged cheering.]

An appropriation has been made adequate to the  
diligent and prompt completion of the harbor  
[great cheering.] In the past, the government has  
undertaken too many things at once, and its  
annual appropriations have been so inadequate  
that the work of the engineers was much retarded,  
and often seriously damaged in the interval of  
waiting for fresh appropriations. It is better  
policy, when work has once been determined to  
be of national significance, that the appropriation  
should be sufficient to complete the work, and  
not leave it to the discretion of Congress to  
grant or withhold. [Great cheering.]

I am glad that the scheme of the engineer for  
giving deep water to the harbor is being pro-  
ceeded. I have said some of our South  
Atlantic and Gulf ports receive a most favor-  
able commerce toward which we are reaching out our  
hands, and which is reaching out its hands to us.  
[Great cheering.] I am an economist in the sense  
that I would not waste one dollar of the public  
money. But I am not an economist in the sense  
that I would leave incomplete or suffer to lag any  
great work highly promotive of the true  
interests of our country.

We are great enough and rich enough  
to reach forward to grander conceptions than  
the past. If you are content, I am not, that the  
nations of Europe shall absorb nearly the  
entire commerce of these near sister republics  
that lie south of us. It is, in a large measure,  
ours—ours by right of conquest, ours by nearness  
of access, ours by the resources of the soil, and  
ours by the genius of the people. [Great cheering.]

ATLANTA, GA., MONDAY

IT IS ALL SMOKE.

THE FIGURES SHOWING THE TO-  
BACCO INCREASE

NEW ENGLAND OUT OF THE MARKET.

But Florida Makes a Sudden Bound from  
21,000 to 600,000 Pounds Production  
The Probabilities Ahead.

WASHINGTON, April 19.—[Special.]—The  
census returns of the production of tobacco  
have been completed.

They are in the rough, but are of great im-  
portance, as showing the shifting that has  
taken place in the line of tobacco culture dur-  
ing the last ten years. The northwest, it is  
predicted, will eventually become a great to-  
bacco-growing region. The tobacco grows  
there now is wholly for home consumption,  
and cuts no figure even in the primary market  
of the United States.

But the special agents of the census office  
report that there are large areas in that region  
which could be profitably utilized in the cul-  
ture of tobacco for export. A remarkable de-  
crease is shown in the New England states,  
which were once large producers of  
tobacco.

This is accounted for by the  
fact that the once important tobacco  
wrappers have practically driven the seed  
leaf growers out of the business, and com-  
pelled the abandonment of so many farms as  
to cause general alarm. Superintendent  
Porter predicts that since the present high  
price of Sumatra leaf, since the McKinley  
tariff went into effect, the growers of that  
section have felt much encouraged, and that the  
crop in that section this year will be a phe-  
nomenal one.

AN INCREASE IN NEW YORK.  
The increase in New York and Wisconsin,  
formerly heavy producers of seed leaf, is due  
to the fact that the planters were driven into  
growing the export variety, the Sumatra,  
having compelled them to abandon the seed  
leaf. One pound of Sumatra will wrap four  
times as many cigars as the American seed  
leaf.

IN FLORIDA.  
The most remarkable increase during the  
past ten years has occurred in Florida, where  
the number of pounds produced has  
increased from 21,000 to almost  
600,000 pounds. Northern capital has  
poured into the state, syndicates  
have purchased large tracts of what was  
supposed to be worthless land, factories have  
been erected, and a general era of prosperity set  
in. The tobacco grown in the state varies  
frequently bringing from 50 to 75 cents per  
pound in the leaf. The cigars are a little in-  
ferior to the Cuban brand, but they will un-  
doubtedly gain when improved methods of  
cultivation are perfected. Since 1880 the  
increase has been incredible and large fortunes  
have been made by the planters. The figures for  
the states reached by THE CONSTITUTION are  
as follows:

	Acres.	Pounds.	1880.	1890.
Georgia.....	824	251,000	97	228,000
Florida.....	1,296	488,075	97	512,822
North Carolina.	57,053	36,426,347	57,026	26,986,313
South Carolina.	24,843	1,542,000	24,843	2,942,000
Tennessee.....	51,284	36,217,320	41,532	29,305,002
Kentucky.....	273,910	226,403,047	226,120	111,120,784

THE PANAMA CANAL.  
A Favorable Report Received from the  
Manager.

PANAMA, April 19.—The report on the Panama  
canal has been sent to the liquidator of the  
company, Mr. Monchicourt, by Lieutenant  
Wyse, who has been negotiating with the  
Colombian government to prolong the conces-  
sion. He says the committee has been placed in  
order, and urges immediate and energetic  
action to save the capital invested in the canal  
from destruction. Lieutenant Wyse advocates  
six locks, with a single artificial lake in the  
center.

He estimates the time required to execute  
the work at six years, and the maximum cost  
at 600,000,000 francs. He expresses the con-  
viction that before the expiration of ten years  
the profits of the new company, if it completes  
the canal, will suffice to pay a progressive  
proportionate share to the shareholders of the  
company, based on the dividend on the shares  
of the new company.

Finally, Lieutenant Wyse declares that the  
stories of the deadly climate in Panama are  
exaggerated, and that the sanitary condition  
is improved.

SUBSERVIENT TO RUSSIA.

Objectionable Member.

PARIS, April 19.—A striking example of  
French subservience to the Russian alliance  
has just occurred in club circles. Young De  
Giers, an attaché of the Russian embassy,  
son of a Russian secretary for foreign  
affairs, introduced  
a leading club a friend as a temporary mem-  
ber, and then proposed him for permanent  
membership. He expressed the con-  
viction that before the expiration of ten years  
the profits of the new company, if it completes  
the canal, will suffice to pay a progressive  
proportionate share to the shareholders of the  
company, based on the dividend on the shares  
of the new company.

Finally, Lieutenant Wyse declares that the  
stories of the deadly climate in Panama are  
exaggerated, and that the sanitary condition  
is improved.

Objectionable Member.

PARIS, April 19.—A striking example of  
French subservience to the Russian alliance  
has just occurred in club circles. Young De  
Giers, an attaché of the Russian embassy,  
son of a Russian secretary for foreign  
affairs, introduced  
a leading club a friend as a temporary mem-  
ber, and then proposed him for permanent  
membership. He expressed the con-  
viction that before the expiration of ten years  
the profits of the new company, if it completes  
the canal, will suffice to pay a progressive  
proportionate share to the shareholders of the  
company, based on the dividend on the shares  
of the new company.

Finally, Lieutenant Wyse declares that the  
stories of the deadly climate in Panama are  
exaggerated, and that the sanitary condition  
is improved.

THIRTY YEARS AFTER.

THE SIXTH MASSACHUSETTS IN  
BALTIMORE.

A RARE DAY IN THE CITY.

The Mobbing of the Sixth in the Beginning  
of the War Leads to a Pleasant  
Reunion Yesterday.

BALTIMORE, Md., April 19.—The Worcester  
Light Infantry, which formed part of the his

## HE GRANTED A DIVORCE

THE REMARKABLE RULING OF A JUSTICE OF THE PEACE.

He Was New in the Business, and He Granted a Full Divorce to a Quarrelsome Couple.

CARROLLTON, Ga., April 19.—[Special].—An Evening Times special from Villa Rica says: A novel divorce proceeding comes from a rural district of Paulding county. In a certain out-of-the-way district the voters have recently elected a new justice of the peace who is a clever man, but has not much more sense than a couple of Philadelphia lawyers. In the same community of this new judge live a husband and wife that have been regular old-fashioned falling-outers every day or so, and these rows were a great nuisance to the peaceful denizens of the district and community. The new justice issued a warrant for the arrest of the troublesome and fussy husband and wife, and had his new hall to arrest them and bring them before his honor for a trial.

The constable did his work and soon a big trial was on the new justice's hands, who presided with the dignity of a judge of the supreme court.

After several days' careful hearing of the case, the justice granted the wife a full divorce.

A TOTAL DIVORCE.

much to the displeasure and protest of the henpecked husband. The wife expressed much satisfaction at the verdict, and has gone her way believing she can lawfully wed the first fellow who pops the question.

THEY GOT RELIGION.

Queer Antics of the Negroes During a Revival at Waynesboro.

WAYNESBORO, Ga., April 19.—[Special].—The negroes of Waynesboro are holding protracted meetings, and are in the midst of an exciting revival. The Haven Methodist church and the Thomas Grove Baptist church are vying with each other, and excitement is at white heat. The services are continued all night, and parties who have witnessed them report very strange and remarkable developments.

All of a sudden a sister will leap from her seat, and spring into the air, raise a shout of tremendous proportions. She will then fall heavily upon the floor, and after going through the most surprising contortions of body, will pass off into a trance. While in this trance state their limbs become as stiff as a poker, and their flesh is so cold as scarcely to indicate any animal heat. During the religious performances, before the trances sets in, these sisters, in their terrific movements, are utterly regardless of the consequences to themselves, their neighbors, or the pews of the church. Sometimes it takes several of the brethren to "hold them down."

The most demonstrative sisters are known to the congregations, and when one of this number yells out the holy shout, the congregation is prepared for what may follow, and the most muscular brothers at once rush for this sister, and are forced to use every exertion to make the performance devoid of damage to herself and the property of the church.

The trances of one of the young converts, who had been known as a very hard case, continued over two days and nights. All efforts to arouse her were futile, but when she came to she was full of the Holy Ghost. During her long trance the spirit had been given full time to enter and gain a complete possession.

THEY WILL NOT DANCE

At the Coming University Commencement.

ATHENS, Ga., April 19.—[Special].—Down on the tripping of the light fantastic toe.

And the order of the chancellor of the university settles that question.

There will be less dancing at the coming commencement of the University of Georgia than is usually the case.

The board of trustees, at their last meeting, resolved that it was necessary to restrict the dancing at commencement season, and accordingly recommended to the chancellor that some steps be taken during the session to accomplish the desired end.

So the resolution of Chancellor Boggs is made up, and three of the commencement regiments fall beneath the hatchet.

The junior hop, the fraternity german and the senior hop are the unlucky festivities.

There is some dissatisfaction among the boys, but the cause of Chancellor Boggs receives cordial approbation.

THE CLOCK STOPPED.

Never to Go Again on the Night Mr. Kuglar Died.

JONESBORO, Ga., April 18.—[Special].—About thirty-five years ago Mr. James Conine bought a clock from Mr. L. E. Kuglar.

The clock ran and kept good time until the night of Mr. Kuglar's death, which happened about two months ago, when on that night the clock stopped and has not run since.

He Didn't Get His Wife.

ATHENS, Ga., April 19.—[Special].—Albert Thompson, of Greenville, S. C., has been here for several days trying to induce his wife to come home with him. His wife is only fourteen years old and is married to a man in East Athens. The trial of a habeas corpus proceeding came off yesterday before Ordinary Herrington, and the writ was dismissed.

The young wife declined to return with him, herself before she would return with him. Thompson says he will continue to make efforts to induce her to go back with him.

Lee's Victim Is Dead.

BRUNSWICK, Ga., April 19.—[Special].—General Fisher, who was so horribly stabbed at Crispin Island last Thursday, by Charlie Lee, died and was buried here yesterday.

There was twenty-four inches of dangerous gas in his body. Lee, who did the cutting, has been captured, and is in jail here. He is very nervous since the death of Fisher, but he claims that he did the cutting in self-defense. Others say not, and it is expected that the affair will go very hard with Lee.

They Will Play in the Court Square.

JACKSON, Ga., April 19.—[Special].—Jackson has a brass band of which she is justly proud. Some of our best boys have formed themselves as such, and Professor Adamson, from the Gate City, has within two months made them, under his proficient tutelage, sufficiently accomplished to appear in public.

They have beautified the public square, converting it into a park in which rare flowers are now growing, and erecting a band stand.

The Augusta Presbytery.

SPARTA, Ga., April 19.—[Special].—The Augusta presbytery is now in session, Rev. E. J. Smith, of Madison moderator, and Elder J. L. Bowles, of Augusta, temporary clerk.

The opening sermon being the body was preached by Rev. Donald McQueen, of Milledgeville.

The regular routine of church work is being transacted by the body, and will be completed on Saturday evening.

A New Street Car Line.

THOMASVILLE, Ga., April 19.—[Special].—Thomasville is to have a street car line in the near future. The streets have already been surveyed for the purpose, and while the particulars are not yet ready to be announced, the project is in such a shape that developments may soon be expected.

The Escape of a Prisoner.

GAITHERVILLE, Ga., April 19.—[Special].—Mr. Samuel M. Johnson, a state prisoner in Hall county jail, charged with larceny, has escaped.

Burglars Arrested Devisors.

DAVIDSBORO, Ga., April 19.—[Special].—A bold band of rascals, accompanied by

women, have made their appearance near Penn's bridge, on the Ogeechee river, five miles north of here. Since their appearance, some ten days ago, they have been the occasion of no end of terror to women and children living in that section of the country. Just where they are located no one seems to know, but every night or two they get in their little work and are seldom seen during the day.

THE CARE OF BONDS.

An Important Question for a Savannah Court.

SAVANNAH, Ga., April 19.—[Special].—Two important suits growing out of the Gadsden embezzlement were filed in the city court yesterday against the Merchants' National bank, one by George D. Carhart, of Brooklyn, N. Y., for \$29,000 of bonds, supposed to be of some \$35,000 actual value; and the other by Lawrence Guilmarin for \$15,000 of bonds, supposed to be worth \$18,000. The bonds are of various denominations, and were deposited with the Merchants' National bank for safe-keeping.

The suits raise a most interesting and important issue in commercial law, and their progress and decision will be watched with great interest by the commercial world, especially that portion of it directly interested in banking.

The whole case hinges upon the responsibility of the bank for the bonds deposited with it for safe-keeping, and whether, under the circumstances, it is bound to make good their value. The bonds were not deposited with the bank as security for a loan, but simply for safe-keeping. It is understood that the bank will defend upon the ground that these bonds were deposited with Cashier Gadsden personally, and not with the bank, and that the bank had no connection with them, and even if they were deposited with the bank, it is not liable, because it took as good care of them as the law requires. The whole question is, how far does the legal responsibility of the bank extend in such a case?

CARROLL SUPERIOR COURT.

End of the Spring Session—A Murder Case Carried Over.

CARROLLTON, Ga., April 19.—[Special].—Spring session of Carroll superior court has closed. Judge Harris dismissed all jurors, except grand jurors, after one week. He said it was more important for the farmers to make a crop than to hold court. The grand jury was in session about ten days, and returned seventy-six true bills, twenty-six of which were for violation of the prohibition laws of the state and county. The case of the state against Bill Hill, who is charged with the murder of Bill Perkins, was put over to the next term of John Perkins, a brother of Bird, who was out severely in the affray in which Bird lost his life.

A BEAR AND A LEOPARD

Are Said to be Roaming in the Woods Near Empire. A Hunting Party Formed.

EMPIRE, Ga., April 19.—[Special].—It is reported that two wild animals, one resembling a bear and the other striped like a leopard, have been seen in this neighborhood. The bear chased a number of school children a considerable distance, and frightened them very much. A hunting party will go in search of the animals.

A Good Shot, But a Strange Bird.

CUMMING, Ga., April 19.—[Special].—Mr. L. M. Orr, while fishing near this town, shot and wounded a strange bird. He shot it "on the wing" at a distance of sixty-five yards. It is a bird unknown to this section. In size it is equal to the common domestic fowl; has a very long neck and bill; long, sharp claws, and is colored very much like a partridge.

A Double Catch.

WINTERVILLE, Ga., April 19.—[Special].—A catfish weighing about twenty pounds was found dead on a trot-line, in the shoals at Watson's mill, the other day. It had choked to death on a three-pound trout that got hooked first. A snake was also found in the fish. But this was all—no 3-cent pieces nor relics of the war of 1812.

A Prolific Field.

FAYETTEVILLE, Ga., April 18.—[Special].—Old Uncle Britton West can cap the climax as regards the greatest number of crops made on the same piece of ground. He has a field on which he has made and harvested the sixteenth crop, and expects another this year.

University Baseball League.

ATHENS, Ga., April 19.—[Special].—The university boys have organized a baseball league. The four classes each have a team, and they will contest in a regular series of games for a pennant offered by the Athletic Association. The revival of the national game at the university is hailed with great delight by the students.

A Cotton Compress for Carrollton.

CARROLLTON, Ga., April 19.—[Special].—At a recent meeting of the Carroll County Farmers' Alliance, a committee of them, Hon. B. A. Sharf, M. D. Watkins and S. A. Bonner, were appointed to solicit subscriptions for a cotton compress at this place. It is understood that these men will go to work at once, and that the compress will be ready for the coming cotton season.

Buying up Southern Plantations.

THOMASVILLE, Ga., April 20.—[Special].—Another real estate sale took place here today. Mr. J. Wyman Jones, a prominent northern gentleman, who spends his winters in Thomasville, purchased the McCarney and Sherrod Bellair plantation of about 600 acres, a few miles from the city.

Another Horned Owl.

JONESBORO, Ga., April 19.—[Special].—Another large horned owl was caught in a trap here a few days since. Horned owls appear to be numerous in this section.

An Old Barlow.

EASTMAN, Ga., April 19.—[Special].—Mr. W. W. Willoughby has an ancient piece of cutlery, a pocket knife of the Barlow variety with date "1700" inscribed in plain figures on the side of the blade. This monument to the Sheffield Cutlery Works was exhumed at a point near Dubois in this county, not long since.

A Valuable Cow.

EASTMAN, Ga., April 19.—[Special].—Mr. K. H. Tripp, of this county, owns a half Jersey cow, fifteen years old, that has borne ten calves and given on an average one and a half gallons of milk per day, besides the calf's share. Six of the calves have been "broken" for oxen by their owner, and sold for good prices.

Father and Son Die Together.

SWAINSBORO, Ga., April 19.—[Special].—The death of Mr. John Lamb, aged ninety years, removed from this the oldest citizen of Emanuel county. It is strange, and worthy of note, that his son, Mr. J. H. T. Lamb, living near his father, died on the same night about 12 o'clock. The old gentleman perhaps died more from old age than anything else.

A Strange Animal.

HEPHZIBAH, Ga., April 19.—[Special].—A strange animal has been seen in this vicinity in the early hours of the night. So far its attacks have been confined to the dogs. Children and the colored people are much agitated.

An Alligator in a Cornfield.

EASTMAN, Ga., April 19.—[Special].—A large alligator was killed by Mr. W. H. Wise, in his cornfield near this place. The alligator measured eight feet, seven inches in length, and was very vicious. Just what the "gator was doing in a cornfield does not appear.

Headache, Neuralgia, Dizziness, Nervousness, Spasms, Sleeplessness, St. Vitus Dance, cured by Dr. Miles' Nervine. Samples free on request. By mail 10c. Write Dr. J. C. Rusk, Inc.

## THE FIRST SETTLERS

WHO PITCHED THEIR TENTS WHERE CORDELE NOW STANDS.

The Record of an Old Graveyard—Murder of General Wilber and Lofton by the Indians.

CORDELE, Ga., April 19.—[Special].—Mr. J. J. Collins, of Dooly county, is perhaps, the oldest citizen there, and his memory is stored with interesting facts in the early settlement of the county, some of which he has furnished to the Cordelean.

Sixty-five years ago Lewis and J. W. Collins moved to the country and built a small house of unpainted pine poles in the corner of the four lots of the four lots on which Cordele is located, and cleared a small patch on each side of the four lots.

The county site was located where it now stands, was called Berrien and contained one store, kept by Gns Smith. The town contained about twenty inhabitants. Tom Key was clerk of superior court. The first courthouse was built of logs, and the first boarding house was built by Bards and Brown. Soon after, or near the time of which we write, the court house was moved to Drayton, with the hope of making Flint river navigable to that point, but not succeeding it was carried back to its present site and called "Yonah."

It was one of the stopping places for the stage on the line from Milledgeville to Pindewtown, where it connected with the Tallahassee line. Those early settlers were engaged in stock raising, and did little farming, only plant a few corn and potatoes. There was not a gin in the county, and no cotton raised. The country was thinly settled and abounded with deer, turkeys, foxes and wolves. Calves could not be turned out at night on account of being destroyed by wolves, which roamed over the hills where Cordele now stands, and whose howls could be heard at night. The people in those days lived on game and beef.

Indians were plentiful, though friendly, and committed no depredations for some time, when they murdered a few whites. The blacks, who were in the neighborhood, were with devil shooting came near destroying them.

In an old graveyard in Cordele lie the neglected remains of the following named persons, early settlers of the county, with the number of years since some of them were laid there: Lewis Collins, sixty-four years ago; Missouri Collins, sixty years; Balford Collins, fifty-six years; Polly Collins, fifty-seven years; Pleasant Mahlie, Mrs. Van, Mathew Nutt, J. H. Mathis and Abigail Collins, number of years not remembered.

The graves of these early settlers were once enclosed with cedar palings, which have rotted, and the graves of those old settlers sadly neglected.

In those early days, before any water mill was built, a lot of the people owned hand mills, and those who did not, would go to their neighbors' to do their grinding, a distance of ten and fifteen miles. While opening the Blackhawk road, which was once enclosed with cedar palings, which have rotted, and the graves of those old settlers sadly neglected.

What a change in sixty-five years! Where now stands the busy little city of Cordele was then a wilderness, where the bark of the fox and howl of the wolf made the nights hideous.

FROM OUR NOTEBOOKS.

A Resident of Atlanta.—Mr. B. F. Jordan, formerly of Culloden, one of the leading grape growers of the state, has been a resident of Atlanta for some time, and is now engaged in the grape-growing business near the city. He is looking for a suitable location to begin business, and will begin operations during the summer.

A Welcome Visitor.—Mr. Henry Robson, representing Lyon & Healy, of Chicago, is visiting Atlanta, after an absence of four or five years. Mr. Robson is an old Atlanta boy, and one of the most popular of commercial salesmen. He is a skilled musician, and during his visit to the city is giving his friends the benefit of his ability in some delightful concerts.

Mr. Stearns' Will.—The will of Mr. Edward A. Stearns, of the Wood-Stearns-Beaumont Company, whose sad death occurred recently, was filed in office Saturday, and Mr. B. H. Hill appointed temporary administrator, pending the application for probate for the same. The estate is valued at about \$30,000, and the property is bequeathed to members of his family.

Mr. Collier's Will.—Mr. George Collier, the happiest-hearted host that ever ran a hotel, was in the city last week from Indian Springs. "How is the going up right along, and I hope to throw open the doors on May 15th. I want THE CONSTITUTION to come down in force and let me show the boys just how well I can treat my friends."

Medical Matters in Alabama.—The Alabama State Medical Association, which closed its session at Huntsville on the 17th, adopted an amendment to its rules, which will allow members with homoeopathic and eclectic physicians. This action followed the unanimous adoption of a resolution to a similar effect by the Montgomery Medical Society last month.

Nine to Naught.—There was to have been a match game of baseball between the picked nines from the Boys' High school and Moreland park, at Grant park Saturday. A 3:30 o'clock, the time appointed, the Moreland park boys had failed to show up. Charles E. Barnett, umpire, called play, and Pitcher Ryan, of the Boys' High school nine, passed nine balls over the home base, and the umpire declared the game in favor of the latter nine by score of 9 to 0. This is the second game, the Moreland park nine having won the first; and the third game will be looked for with interest, as it will settle the question.

A Munificent Gift.—Today there will be presented to the Methodist Orphan's Home, at Decatur, a most munificent gift. A few days ago Hon. Frank P. Rice purchased from Mr. W. B. Burke 300 yards of beautiful work for the orphan's home, probably the largest number of works ever purchased from a dealer by one individual at one time. Today these works will be presented and will form the nucleus for a library for that charitable institution. The gift is one of the most appropriate that could have been made, and will be most highly appreciated by the beneficiaries.

THE LAST MINSTRELS.

The Gorman Brothers' Great Show Headed This Way.

The last minstrel of the theatrical season will be the "Gorman Brothers," a company headed by the three Gormans, well known as first-class burnt-cork artists. They will appear for the first time in Atlanta, and here they come with the finest record.

In Mobile, Birmingham, Montgomery and Chattanooga they pleased immensely. The following extract from The Boston Globe shows how well they are appreciated in that fastidious city:

"The Gorman brothers and their famous band of minstrels opened the Globe theater last evening. Very cordial was the welcome extended to these clever merry-makers by a large audience. The Gormans have not now to win a reputation in Boston. A season since they won at this same theater laurels and dollars in abundance. Good as was the performance then, the entertainment given now is vastly better."

"The Gormans seem possessed of originality unlimited, and very generously have they drawn upon their fund in the present production. Drawn from the dancing and singing, which are of the best, and a profusion of black faces, there is very little in last evening's performance suggestive of commonplace minstrelsy."

"Instead of the time-worn first part circle, there is a clever sketch, entitled 'The Lullaby Reception,' which offers opportunities of introducing in a pleasing manner the best of the old songs. The entire company contributes to this part of the entertainment, and exceedingly talented do all the parts themselves. Mr. M. Norcross plays the title role, and his magnificent voice is heard with pleasure in several songs. The Gormans, John, George and James, and

have characters particularly well suited to their talents. Arthur Rigby is irresistibly funny in several sketches, and Billy Lyons, the belle of all 'male stage girls,' is again a thing of beauty. Layman astonishes every one by his facility as an expert dancer. But to argue all by recitation is a waste of time. Among the most welcome vocal numbers are those contributed by John Lyman, who possesses a barytone voice of exceptional quality.

"There are numberless admirably rendered songs and dance sketches, all richly costumed. One of the best features is the 'Dancer's Dream,' a unique and patriotic dance designed by George Gorman, proprietor of the company. A very funny travesty, is the work of James Gorman, and pleasingly ends a pleasant evening's entertainment."

THE HEBREW ORPHAN HOME.

The Annual Examination to Take Place Next Month.

The annual examination of the children of the Hebrew Orphan Home will be held on Washington street the second Sunday in May, for No. 2 of the four lots on which Cordele is located, and cleared a small patch on each side of the four lots.

An attractive and interesting programme has been arranged, and the examination of the children will be thorough and complete in all branches, including music, stenography, typewriting, drawing and fancy work.

"We extend," said Hon. Joe Hirsch, chairman of the board of managers, "on behalf of the home, an earnest and cordial invitation for all patrons and well-wishers of this institution to be with us on the date mentioned, and witness for themselves the proficiency and success of the children under the care and supervision of those who have been entrusted with their care. To those who have so kindly contributed to the support of the home in the past, this occasion will show to what purpose their financial aid has been applied."

"Throw aside your labors for a day and encourage the home with your presence. On Saturday morning there will be confirmation services, at which time nine children of the Home, four boys and five girls, will be confirmed."

"To those who can make it convenient, it will be worth the while to come a day earlier and witness this interesting ceremony. The railroads have agreed to give us a rate of one full fare coming and one-third returning. Certificate of ticket agent to be obtained in all cases at point of starting."

Mrs. Lassiter's Death.

Yesterday Mrs. F. Lassiter died at the residence of her son, No. 15 Logan street, at 2 o'clock.

Mrs. Lassiter was sixty-eight years old, and her death was caused by pneumonia. The body will be carried to Flower Branch for burial at 7:10 o'clock Tuesday.

She was a woman who was well beloved by all who knew her, and her long life had been full of usefulness.

Mr. Kempner's Funeral.

The funeral of Mr. David Kempner, late manager of the National hotel, occurred at the hotel yesterday afternoon at 3 o'clock, Rabbi Reich officiating.

Wurm's orchestra, of which he was a member, and a large number of friends were in attendance. The body was taken to Oakland for interment, accompanied by a large part of his old friends and acquaintances.

Mrs. Stewart Buried.

The burial of Mrs. W. F. Stewart occurred yesterday afternoon. The funeral services were conducted by Rev. Dr. Morrison, at the residence, No. 79 Crew street, and were attended by many sorrowing friends of the dead lady, whose beautiful life was so full of Christian graces.

Sale of Inman Park Lots.

The splendid residence lots in Inman Park, not disposed of at last Wednesday's sale, will be sold at auction on Wednesday, April 22d, at 3 o'clock p. m., sharp. This auction will afford the chance of a lifetime to those desiring unequalled residence property with all the delights of the suburbs and all the conveniences of the city. Terms one-fourth cash, balance one, two and three years with interest. Remember the date, Wednesday, April 22d, 3 o'clock p. m. til wed

Auction sale of the last of the Inman Park lots, Wednesday, April 22d, at 3 o'clock p. m.

**THE ALASKA**  
Possesses the following points over ALL OTHER REFRIGERATORS.

1. The preservation of perishable foods.
2. The disposal of the foul vapors which constantly exhalate from provisions.
3. Dryness of atmosphere in the provision chamber.
4. Low and unvarying temperature.
5. An economical use of ice.
6. A rapid and perfect circulation of air from the provision chamber to the ice chest.
7. The provision chamber of the Alaska never coats from condensation, but is always clean and free from foul odors.
8. The fines of an Alaska do not require cleaning, as do other makes, because it is so perfectly and systematically constructed that the cold dry air, by its constant circulation, keeps them sweet and clean.
9. It will keep provisions longer and better, using less ice than any other refrigerator.
10. It is better made, better finished, and gives better satisfaction.

Auction sale of the last of the Inman Park lots, Wednesday, April 22d, at 3 o'clock p. m.

Beautiful Boulevard lots for sale by W. P. Pattillo. See advertisement.

## Very Important

The importance of taking a good Spring Medicine cannot be overestimated. The changing weather affects the human system in such a way that it is now in great need of and especially susceptible to the benefits to be derived from a reliable preparation like Hood's Sarsaparilla. To make your blood pure, give you a good appetite, and make you strong, take

**Hood's Sarsaparilla**

"While traveling in the East two years ago I was completely broken down in health, weak and tired and unable to sleep nights. I tried all kinds of medicines, but none did me any good until I took Hood's Sarsaparilla. After I had used two bottles I was entirely well and in as good health as ever." GEORGE W. MAUREL, 708 21st Street, Louisville, Ky.

**The Spring Medicine**

Hood's Sarsaparilla is sold by druggists. \$1; six for \$5. Prepared by C. I. HOOD & CO., Lowell, Mass. 100 Doses One Dollar

The joy of people cured of Dyspepsia by Hood's Sarsaparilla is often beyond expression. It relieved from the tortures of indigestion, heartburn, nausea, and other distressing symptoms. It is a sufficient cause for the grateful letters we receive. If you suffer from any trouble of dyspepsia, nature, from sick headache, or that all-gone, listless feeling, take

**Hood's Sarsaparilla**

"I have used Hood's Sarsaparilla for several years, and I consider it to be one of the best of tonics, and blood purifiers. As a medicine, it is unequalled. I take pleasure in recommending it as an excellent remedy." G. A. ORTOLAN, Doctor Church of the Good Shepherd, Yorkville, South Carolina.

CHURCHES ARE ALL WELL  
ATTENDED.

Hawthorne Talks of the Progress of the  
Baptist Church in Cuba.—Dr.  
Lewis's Sermon.

The services at the First Baptist yesterday  
were characterized by a very large  
attendance and a splendid lecture by Dr.  
Hawthorne on "The Baptist Situation in  
Cuba."

The pastor held the attention of his hearers  
all night. Dr. Hawthorne first outlined the wonderful  
work in progress on the island of Cuba under the  
direction of Diaz, the great preacher and  
evangelist.

Six years ago," said he, "the home mission  
of the South Baptist convention began  
work in Cuba. It started with one mis-  
sionary. There is nothing in any novel, ancient  
or modern, that excels some of the romances  
of this person's life. He was an officer in the  
army of the revolution. He had been reared  
in the despotism of Spain and to believe  
that it was his patriotic duty to fight for the  
freedom of Cuba. After a year or more of  
active service in the army he was surrounded  
by a detachment of Spanish sol-  
diers, and knowing that if he  
was captured he would be put to death, he went  
to the shore and, lashing his body to a piece of  
floating timber, he commended himself to the  
mercy of the waves.

"Diaz drifted out about a mile from the  
shore and, after much suffering, exhausted  
and almost in the jaws of death, he was taken  
up by an English vessel and carried into the  
port of New York. There, during a dangerous  
and protracted illness, a Baptist woman came  
to his hospital where he was lying, read to  
him the New Testament, and then knelt at  
his bedside and commended his soul to the  
mercy of God. Though nominally a  
Christian—a Roman Catholic—he was as igno-  
rant of the book as the veriest pagan in  
Africa. He was so profoundly im-  
pressed by what was read to him by the  
woman, that when he was convalescent he  
began to read the Bible for himself.

"The result of this was his conversion  
to Christ, a conversion of the old  
and original type, a God-made con-  
version, a conversion radical and complete  
and manifested in one of the most self-  
sacrificing, heroic and Christian lives of mod-  
ern times. Like Paul and like all other men trans-  
formed by the grace of God, the first desire of  
this regenerated soul was to know what God  
would have him do. In answer to his fervent  
prayer, a heavenly vision came and told him  
to go back to that beautiful isle of the sea  
where he first saw the light of day, and com-  
mended to his benighted and erring countrymen  
the same book in which he had found the wis-  
dom of God, and point them to the same Christ  
who had lifted his soul from bondage into  
light and freedom.

"The war closed. The Spanish government  
guaranteed an amnesty to the insurgents, and  
Diaz went back to his native land, a mem-  
ber of the cross. What God had wrought  
in this man whom he rescued from the  
arms of the sea and from the ravages  
of disease, and then from the dark-  
ness of error and the anguish of  
conscience of guilt—what God has done  
in him whom he anointed for leader-  
ship in a great and perilous cause makes  
the same as he had moved me, I looked upon  
a sea of upturned faces, and saw everyone  
shed in tears. Through this man, chosen  
and anointed of God for this work, that beau-  
tiful queen of the Antilles has at last been  
sent to the gospel."

Dr. Lewis at Trinity.

At Trinity yesterday, Dr. Walker Lewis  
spoke most eloquently on the "Two Builders,"  
using as a text St. Luke vi, 47-49.

"There are," he said, "three classes of men  
related to the gospel. There are those who  
hear and accept it; those who hear and either  
forget or neglect it; and those who neither ac-  
cept nor hear it. To the latter class Christ  
does not allude. They have no home to be  
built by the storm, chaff and dust. The light-  
ning wind drives them away. They are not  
building; their material is scattered, not  
worked into structure.

"But the second class is neither that they  
relaxation. There is no difference between  
the treatment of two debtors, one of whom re-  
fuses the account, confesses its correctness  
and refuses payment, while the other declines  
to look at it. The two builders do not  
differ in the style of their building. Two  
men may build alike in style and yet differ vast-  
ly in the end. The one builder did not differ  
the material possibly, nor in the way it was  
put together. The character of the Christian  
material and the Christian has the same ele-  
ments, and they may be put together with the  
same care, but only one of them is a wise  
builder.

"The builders differed in foundation—we  
will on rock, they would on sand. One fair-  
weather builder, the other for foul and fair. So  
Christ's hearkens build—some, in refusing Him  
and obedience, on sand; others, in ac-  
cepting His atonement and salvation, on  
rock. A crystal palace or mud hut on the sea-  
shore must alike go down under the remorse-  
less surf beat; and the noblest life of truth  
and honesty built up without a Christ  
foundation surely perishes. A house on a  
sand bottom falls. It falls at the wrong time,  
the storm and at night. It falls burying  
the builder and all his resources. He builds  
only once, putting his all into the structure,  
and, that down, he is down forever, in remem-  
brance of money, or than that of reputation,  
than that of business. Christ piles, but the  
wealthiest pile powerlessness to save. Angels and  
men, if not in years, are tied by impotence,  
and view with dismay the swift and frightful  
retroflow."

At the First Methodist.

At the First Methodist church yesterday Dr.  
Anderson took as a text Matthew x, 35.

"A man's foes shall be they of his own  
household."

The past week many illustrations to make  
this a clear the many brilliant points  
brought for ward, affording a great deal of in-  
terest and instruction.

The Walker Street Church.

The Georgia Holiness Association  
held its services yesterday at the  
Walker Street church more people than the  
church could accommodate.

In the forenoon Dr. Watson, of Windsor,  
Mass., gave an eloquent discourse on "Divine  
Love."

In the afternoon the young people held serv-  
ices.

Greeny Northern was among the audience  
yesterday and seemed to enjoy the meeting  
very much.

There will be no services this morning.  
The service on evening Dr. Watson will  
preach. There will be several more divines in

attendance this week, and it is intended to  
continue the work will do it, the very splen-  
did record of the past two weeks.

Dr. McDonald's Sermon.

Dr. McDonald's sermon yesterday  
on John v, 23: "All men should honor  
the son, even as they honor the father."

What is involved in honoring the Son, is:  
First, faith in His revelation, viz.,  
a Savior; second, submission to Him, serving  
Him—the obedience of heart and will to His  
authority as ultimate and complete; third,  
suffering for Him, i. e., self-denial; fourth,  
patient submission in suffering with Him; fifth,  
making Him known to the world—the lost of  
every land and clime.

"God honors those that honor His son—in  
saving, in keeping, in bringing them to Him-  
self."

A DEAD BABY.

A Good Deal of Excitement Created in  
Reynoldstown.

There was considerable excitement in  
Reynoldstown yesterday, over the finding of a  
new-made grave on a hillside in an old field  
near the brickyard.

The grave was opened by several young men,  
who found a small casket box buried about  
four deep, and in the box the body of a small  
child.

It had only been buried a day or two, and  
the facts in the case were easily learned.

Acting Coroner Landrum was immediately  
notified, together with Dr. Griffin, county  
physician, and an investigation begun.

A number of witnesses were on hand, and  
among them the father of the child, whose  
story covered the whole case.

His name is Charlie Scroggins, and the name  
of the mother Annie Scroggins, or rather  
"Mrs. Annie" Scroggins, as she was married  
and the resumed her maiden name.

Bridges said he became acquainted with the  
girl about seven months ago, and she was just  
twenty-one years of age.

The family are very poor, and occupy one  
portion of a house, No. 25 Oliver street, the  
other portion of which is occupied by Harriet  
Thomas, and her son, the negro owner of the  
house.

Bridges went to Chattanooga, and about  
three weeks ago returned and found the girl in  
delicate health. He employed a nurse, rented  
a small room in the same house and made ar-  
rangements to marry her.

But he was in an impecunious condition  
himself, and after working two weeks at a  
brickyard, found himself not greatly im-  
proved financially, to prepare for the nuptials,  
and the wedding was postponed until last  
Saturday.

It was shown that the child was born Friday  
afternoon, but never breathed.

Being too poor to pay for the burial, Bridges  
and the two brothers of the girl buried it in  
the field, intending to remove it to the grave-  
yard where they could raise the money.

The facts developed a deplorable case of  
ignorance and poverty, but as it was evi-  
dently a case of a child born in wedlock,  
there was nothing criminal about the affair,  
the jury brought in a verdict in ac-  
cordance with the facts.

The body of the infant was turned over to  
Undertaker Patterson, who will give the little  
girl a proper burial today.

BACK TO SAVANNAH.

Mrs. Caufy Returns with Her Father to  
Her Home.

Mr. J. A. Collins, father of Mrs. E. E.  
Caufy, arrived in the city at 7 o'clock yester-  
day morning.

Accompanied by a lady and gentleman who  
were interested in her and story, Mrs. Caufy  
was taken to the union passenger depot to  
meet him.

The meeting was a most affecting one, and  
there were no harsh words, reproaches or re-  
miniscences between them.

The daughter acknowledged that her  
husband had been a bad man, but she had  
had induced her to leave her  
parents in Savannah and to try and join him  
in Milwaukee. But at the same time she ac-  
knowledgeed her deep sense of duty to her  
parents, and appreciation of their kind treat-  
ment and loving solicitude for her welfare.

Mr. Collins was shown the article that ap-  
peared in yesterday's *Courier*, and he cor-  
roborated the story in every particular.

He spoke of the treatment she had received  
at the hands of her husband, toward whom he  
could have but one feeling, that of supreme  
contempt. To him the idea of allowing his  
daughter to again fall into the hands of the  
man who had so cruelly injured her was un-  
bearable.

The father and daughter, after expressing  
their deep sense of obligation to those who had  
treated her so kindly during her detention  
here, left at the 7-10 o'clock train for home.

Those with whom she spent the time while  
she was in the city, speak in the highest terms  
of the refinement of the gentleman, and of  
his evident suffering greatly, and who  
deserves the deepest sympathy in the  
blight that has fallen on her young life.

ATLANTA WINS, AS USUAL.

A Company of This City to Build the Electric  
Road in Memphis.

Mr. C. E. Chinnock, of Atlanta, the district  
manager of the Edison General Electric Company,  
has just returned from Memphis, Tenn., where  
he looked after the bid his company had made  
for the electric street car contract in that city.

After many days of suspense, the contract was  
awarded to the Edison company, which will equip  
the Citizens Street Railway Company with all  
apparatus, power and rolling stock. When com-  
pleted this will be one of the finest electric car  
systems in the United States.

This is a signal victory for Atlanta, which  
carried off the honor in spite of the strenuous  
efforts of more than sixty competitors. It is one  
of the most important contracts ever awarded to  
any company in the United States.

The Memphis Commercial thus speaks of the  
matter:  
"Over sixty different competitors were pulling  
for the big contract, but the real competition for  
the entire plant narrowed down to half a dozen.  
The company was determined to take no risks,  
and the winner was to have the entire business,  
with all the subcontracts it might see fit to place  
at its own responsibility. Early last week it was  
plainly evident that the fight was narrowing  
down to the Edison and the General Electric  
companies. The latter had a long and hard  
competitive companies buckled their armor a  
notch tighter and waded in. Yesterday afternoon  
the directors of the Street Railway Company were  
in close consultation over the proposals of the  
leaders for the prize, and occasionally investor  
bills would drop in and give a word of advice.  
After mature deliberation and calculation, during  
which merit superseded cost, the Edison com-  
pany was awarded the contract. The Edison com-  
pany is for the entire equipment. This includes  
an electric system with five generators, sixty  
motor cars with double motors, thirty trailer  
cars, and all the material for the operation of the  
road. From the determination of the purchase  
and the completeness of the outfit, Memphis will  
soon be possessed of one of the finest electric  
systems in the world. All modern  
appliances will be used, and the material and  
equipment will be superb."

The general station headquarters of the Edison  
company are in Atlanta, and for the company to  
have secured this contract in the face of so much  
competition from various quarters, is a distinct  
triumph for Atlanta.

# MISS IRENE FARRAR

HAS A WORD TO SAY ABOUT NEW  
YORK.

The Drawing Room Lectures of the Lenten  
Season—Where Shall the Summer  
Tourist Go?

New York, April 19.—Drawing-room lectures  
were the popular entertainments during Lenten  
season, particularly with that element of society  
which breathes the rarified air of intellectuality.

An element which stands out in bold contradic-  
tion to that which, Psyche-like is both soul  
and butterfly for forty days and butterfly for  
the remainder of the year. These lectures, apart  
from mere edification, were charming socially,  
for they were frequently followed by luncheon  
parties. I recall with genuine pleasure the lec-  
tures on English poets, by Miss Willard. What  
impressed me most was her crisp, analytical style,  
and choice diction. She handled the most abstruse  
subjects with a clearness of  
conception that convinced one that she is  
mistress of her art. She gave no mental  
profiles, but viewed each poet from every point of  
view.

So much for the pleasures of Lent. Though  
sealskins and furs have not yet been laid up,  
where the insidious "moth doth corrupt," the  
fashionable world is, nevertheless, thinking of  
where it shall migrate to this coming summer.

To the quiet, stay-at-home-all-the-year-around  
people more than one local habitation—especially  
if it be comfortable—is a superfluity; but I know  
of a lady who has an elegant establishment in New  
York city, one in Hedgesville, Conn., one in  
ville, N. C., and an extensive plantation in Hono-  
lulu, all of which she is sole mistress, with never  
an individual to question her coming or going. Her  
name is rarely seen in print, even in the  
clever writings. Though she is no queen of  
fashion, she is a well-known figure in all liter-  
ary assemblies, and her ready word of sym-  
pathy has cheered many a faint-hearted aspirant  
for literary success.

"Do you ever visit Honolulu?" I asked.  
"Not now, but I often think I would like to go  
there more," she said, "as it is the face that,  
though no longer young, has been wonderfully  
expressive. "I lived there ten years, and they are  
among the pleasantest years of my life. Nowhere  
can be found more cultured or charming society  
than in Honolulu. Not among the natives, of  
course," she continued, "noting my lack of am-  
usement," "but there is a sort of court circle com-  
posed of the foreign legations."

"Not particularly. There are exceptions, but  
as a rule their intellectual capabilities seem  
limited. They are fine specimens of physical  
strength and in regular development, but  
there is a certain heaviness of expres-  
sion in their faces that is often stolid.

Outdoor amusements take precedence of all  
others. The Hawaiian girls may well be called  
"half alligator and half horse," for they are  
either plunging in the sea or racing over the  
country on horseback."

"Are there many Americans in Honolulu?"  
"Yes, there are many. They have become  
naturalized and are Hawaiian subjects. The hus-  
band of Queen Liliuokalani is an American."

"Have the Hawaiians a literature?"  
"The native language has been reduced to a  
written form, and the Bible has been translated  
into it, but you could not say that they claim a  
distinct literature."

"What of the educational advantages of Hon-  
olulu?"  
"Very good. There are many schools, and well  
attended. Every one reads and writes.  
The higher schools employ English. In fact,  
English is gaining rapidly, and the Hawaiians  
advocate its general use. There are several  
churches, too, Roman and Protestant."

"What of the Hawaiian architecture?"  
"There are some really imposing buildings. The  
palace, for example, is built of white coral.  
Speaking of the palace reminds me of the punc-  
tuousness with which court form is observed, and  
fall in this particular were to commit high treason  
against her majesty."

So, notwithstanding its insular contraction, and  
the drawing room lectures of the Lenten  
Season—Where Shall the Summer  
Tourist Go?

New York, April 19.—Drawing-room lectures  
were the popular entertainments during Lenten  
season, particularly with that element of society  
which breathes the rarified air of intellectuality.

An element which stands out in bold contradic-  
tion to that which, Psyche-like is both soul  
and butterfly for forty days and butterfly for  
the remainder of the year. These lectures, apart  
from mere edification, were charming socially,  
for they were frequently followed by luncheon  
parties. I recall with genuine pleasure the lec-  
tures on English poets, by Miss Willard. What  
impressed me most was her crisp, analytical style,  
and choice diction. She handled the most abstruse  
subjects with a clearness of

against her majesty."

So, notwithstanding its insular contraction, and  
the drawing room lectures of the Lenten  
Season—Where Shall the Summer  
Tourist Go?

New York, April 19.—Drawing-room lectures  
were the popular entertainments during Lenten  
season, particularly with that element of society  
which breathes the rarified air of intellectuality.

An element which stands out in bold contradic-  
tion to that which, Psyche-like is both soul  
and butterfly for forty days and butterfly for  
the remainder of the year. These lectures, apart  
from mere edification, were charming socially,  
for they were frequently followed by luncheon  
parties. I recall with genuine pleasure the lec-  
tures on English poets, by Miss Willard. What  
impressed me most was her crisp, analytical style,  
and choice diction. She handled the most abstruse  
subjects with a clearness of  
conception that convinced one that she is  
mistress of her art. She gave no mental  
profiles, but viewed each poet from every point of  
view.

So much for the pleasures of Lent. Though  
sealskins and furs have not yet been laid up,  
where the insidious "moth doth corrupt," the  
fashionable world is, nevertheless, thinking of  
where it shall migrate to this coming summer.

To the quiet, stay-at-home-all-the-year-around  
people more than one local habitation—especially  
if it be comfortable—is a superfluity; but I know  
of a lady who has an elegant establishment in New  
York city, one in Hedgesville, Conn., one in  
ville, N. C., and an extensive plantation in Hono-  
lulu, all of which she is sole mistress, with never  
an individual to question her coming or going. Her  
name is rarely seen in print, even in the  
clever writings. Though she is no queen of  
fashion, she is a well-known figure in all liter-  
ary assemblies, and her ready word of sym-  
pathy has cheered many a faint-hearted aspirant  
for literary success.

"Do you ever visit Honolulu?" I asked.  
"Not now, but I often think I would like to go  
there more," she said, "as it is the face that,  
though no longer young, has been wonderfully  
expressive. "I lived there ten years, and they are  
among the pleasantest years of my life. Nowhere  
can be found more cultured or charming society  
than in Honolulu. Not among the natives, of  
course," she continued, "noting my lack of am-  
usement," "but there is a sort of court circle com-  
posed of the foreign legations."

"Not particularly. There are exceptions, but  
as a rule their intellectual capabilities seem  
limited. They are fine specimens of physical  
strength and in regular development, but  
there is a certain heaviness of expres-  
sion in their faces that is often stolid.

Outdoor amusements take precedence of all  
others. The Hawaiian girls may well be called  
"half alligator and half horse," for they are  
either plunging in the sea or racing over the  
country on horseback."

"Are there many Americans in Honolulu?"  
"Yes, there are many. They have become  
naturalized and are Hawaiian subjects. The hus-  
band of Queen Liliuokalani is an American."

"Have the Hawaiians a literature?"  
"The native language has been reduced to a  
written form, and the Bible has been translated  
into it, but you could not say that they claim a  
distinct literature."

"What of the educational advantages of Hon-  
olulu?"  
"Very good. There are many schools, and well  
attended. Every one reads and writes.  
The higher schools employ English. In fact,  
English is gaining rapidly, and the Hawaiians  
advocate its general use. There are several  
churches, too, Roman and Protestant."

"What of the Hawaiian architecture?"  
"There are some really imposing buildings. The  
palace, for example, is built of white coral.  
Speaking of the palace reminds me of the punc-  
tuousness with which court form is observed, and  
fall in this particular were to commit high treason  
against her majesty."

So, notwithstanding its insular contraction, and  
the drawing room lectures of the Lenten  
Season—Where Shall the Summer  
Tourist Go?

the intense heat of a standing army of only  
seventy men, that spiritual love of pomp asserts  
itself in this small kingdom, and we find human  
nature much the same the world over.

I had the pleasure of visiting the factory  
of the Standard Baking Powder company into  
the long since, and a rare sight it was,  
with its web of belts, its humming machinery,  
and hundreds of men and women at work like so  
many bees on the many minute and curious bits  
of mechanism that go to make up a watch.

seems almost incredible that the tiny, miniature  
affair in the bracelet that elaps the fair arm of  
the pretty girl who goes in for the standard  
must needs pass through the hands of 300 skilled  
workmen before it can tick the hours away with-  
out loss or gain. As I stood by a young woman  
watching her as she drilled almost imperceptible  
holes in a small brass plate, the superintendent  
said to me that

### BANKING

**AN ELECTROCUTION.**  
A BIG MOUNTAIN RATTLESNAKE THE SUBJECT.

Electrician Thompson Experiments on the Snake, and the Result is Watched with Interest.

An electrocution was attempted at police headquarters yesterday evening. The novel experiment was witnessed by a number of interested spectators.

There arrived at THE CONSTITUTION business office yesterday morning a seven-foot rattlesnake, in a box with a glass cover. It was sent by the Southern Express without any bill of lading.

Being a species of decidedly perishable property that the express office absolutely declined to hold over, there was a good deal of haste on the part of the officials to deliver the box to the consignee, THE CONSTITUTION.

This was one package that was handled with extreme care by the jolly wreckers of human happiness who manipulate packages of floral offerings and bridal cakes around the big office on Wall street.

The CONSTITUTION is a cosmopolitan affair, and numbers among its employees all sorts of people, from the full-fledged Georgia cracker to the accomplished Greek, who reads proof in six or seven different languages.

So it happened that a young fellow, Fred Saloshin, a gentleman of Hebrew extraction, got hold of the box, and hurried into the business office placing it on the desk of the industrious manipulator of the city circulation, who cast one gruesome glance at the box, and tersely remarked:

"Take him away. He is evidently intended for the editorial room's museum."

Saloshin took the box up three flights of stairs, and gently put it down on the desk of Mr. Joel Chandler Harris, as Mr. Wallace P. Reed, the weird delineator of herpetology, was busy.

"Get out! Get out!" remarked Mr. Harris, dropping his pen and grabbing a paper weight, as he sprang to his feet and looked at the box in a manner suggestive of all sorts of condescension.

Saloshin reached the stairway just in time to escape the paper weight, and he and the snake went down stairs, hand-over-hand. There was no recourse left but the station house, and thither the snake was taken for safe-keeping.

There was a considerable rumormongering of the snake, who had just been brought in, awful deed, stuck his red nose down close to the glass, and staggering backward, gasped:

"Send for a doctor. I knowed I'd have 'em!"

To spare the feelings of the patrons of the blind tigers, the box was taken to the chief's room and a special guard set over it so that the imprisoned snake did not escape and attack some of "the finest."

Last evening's mail brought to THE CONSTITUTION office an explanation of the matter in the following note:

ELLIS, Ga., April 18, 1920.—Editor Constitution: I send you a live rattlesnake, which I caught near Ellijay by Mr. Ed Barclay. You can do with it as you see fit. Its teeth have not been extracted. It is a very fine specimen of a snake, and you can get it to bite a silk handkerchief you can jerk its fangs out. It will sometimes sing when it sees a dog. It has nine rattles and a button. Yours truly,

T. H. TABOR.

The CONSTITUTION force is, as a rule, very fond of music, passionately fond of singing, but the dulcet tones of nine rattles and a button hooked on to a seven-foot snake are something beyond the keen appreciation of the musical critic, or any of the other members of the force.

In fact they were all a little sad when he sang. A jury of his peers decided that it would be best for the snake to die, and that his death should enrich the scientific world by being made the subject of an interesting experiment.

Electrocution was the unanimous verdict. Electrician Thompson was notified, and at 8 o'clock last evening time was called.

Two holes were bored, one in either end of the box, and through them the two wires of the opposite poles were introduced. The power was secured from an incandescent light sufficient to electrocute an Atlanta street car.

But it was a very delicate and difficult job. The snake was very sensitive, and would jump when either wire touched him, so that it took some time to bring them to the point of contact with the scaly armor.

Suddenly, in his contortions, the snake brought them in contact, and the circuit was completed.

The shock was not sufficient to kill, because of the imperfect contact, but the way that snake acted showed that he had met, for one time, more than his match. He was quivering and his rattles were sounded as they never sounded before. Mingled rage and pain shone in his blazing eyes and the cruel jaw.

He was badly hurt, but not paralyzed, and it was decided to postpone a repetition of the experiment until 3 o'clock this afternoon, when he will be electrocuted, unless the hide of a mountain rattler is proof against chain lightning.

**Lemon-Colored People.**  
If they belong to the Caucasian race, have jaundiced livers. But when Hostetter's Stomach Bitters is used the bile ducts, and the skin resumes a healthy tint. Nausea, sick headaches, fur upon the tongue, constipation and pain in the region of the liver also disappear when it is used. Malaria, kidney troubles, rheumatism and dyspepsia succumb to the Bitters.

Prevention is better than cure, and you may prevent attacks of rheumatism by taking Hood's Sarsaparilla, which will keep your blood pure and free from acid and germs of disease.

**Sale of Inman Park Lots.**  
The splendid residence lots in Inman Park, not disposed of at last Wednesday's sale, will be sold at auction on Wednesday, April 22d, at 3 o'clock p. m., sharp. **For Malaria, Liver Trouble, or Indigestion, use BROWN'S IRON BITTERS**  
FRESTON'S RED-ARKE cures any headache—nothing else.

### THE INMAN PARK SALE.

LAST OF THE LOTS TO BE SOLD WEDNESDAY, 22D, 3 P. M.

Rare Chance to Secure the Most Choice Residence Property at Public Outcry.

The next and last sale of residence lots in Inman Park will commence at 3 o'clock p. m., Wednesday the 22d of April. On account of the rain of last Wednesday many of the most valuable lots could not be offered. The sale will be continued then from next Wednesday, and parties who wish to secure ideal homes will have another opportunity. The sale will commence at 3 o'clock sharp and continue until night or until all the lots are sold.

Terms, one-fourth cash, the balance in one, two and three years with 8 per cent interest. EAST ATLANTA LAND CO., By JOEL HURT, President.

**The Value of Money.**  
Men of unlimited means hardly appreciate the value of just one dollar, but with the poor every dollar means so much and so much effort. It is a comfort to know that the poverty stricken invalid can derive so much good from so little expenditure, when they invest their dollars in B. B. (Botanic Blood Balm).

W. C. McDonald, Webb City, Arkansas, writes: "B. B. B. has done me more good and for less money than any other blood purifier I ever used. I love the comfort of my life."

A. P. McDonald, Atlanta, Ga., writes: "I had a running blood may leg. Several doctors failed to do it good. Three bottles of B. B. B. effected a cure. B. B. B. also cured my brother of a running sore."

David Thurman, Atlanta, Ga., says: "I was a constant sufferer for many years with eczema, skin and eczema. A few bottles of B. B. B. entirely cured me."

John M. Davis, Tyler, Texas, writes: "I was afflicted a number of years with rheumatism, which was cured by six bottles of B. B. B. I thank heaven, have entirely cured. I have not felt the slightest pain since."

**The "Onits."**  
(We-ja), patented 1890. A most wonderful invention of the nineteenth century. Baltimore and all the cities of the United States are wild over it. A game and a puzzle. \$500 for solution of the mystery. A mysterious parlor game. An interesting and mysterious talking board has awakened great curiosity wherever shown. It surpasses in its results second sight, mind reading or clairvoyance. It consists of a small table placed upon a large board containing the alphabet and numerals. By simply resting the fingers of two persons upon the small table it moves, and to all intents and purposes becomes a living, sensible thing, giving intelligent answers to any question that can be propounded. Wonderful as this may seem, the "Onits" was thoroughly tested and the above facts demonstrated at the United States patent office before the patent was allowed. Price only \$1.50 and \$2. You cannot make a better present than the "Onits." For sale by John M. Miller, No. 31 Marietta street.

**Something Good.**  
Young's Holapar, Kellish and White Artichoke Pills for sale by Fildwell & Fope and Frank E. Hickok. Try them. Young & Morris, Manufacturers, 59 South Broad st. dec36-46m

**HALLARD HOUSE.**  
A New and Elegant Hotel on Peachtree  
One of the best and most convenient hotels in the city is the Hallard house. Its location is just opposite the Governor's mansion. It has superb single rooms. Every convenience. The choicest jan20-21

**Stamps for sale at THE CONSTITUTION business office.**

This auction will afford the chance of a lifetime to those desiring unequalled residence property with all the delights of the suburbs and all the conveniences of the city. Terms one-fourth cash, balance one, two and three years with interest. Remember the date, Wednesday, April 22d, 3 o'clock p. m. til wed

**ANNOUNCEMENT**  
Of the Standard Wagon Company.  
Buggies, carriages, carts, harness, etc., "world without end." Now you have an opportunity to buy a fine or medium grade vehicle at a bargain. On or about August 1st we will move into our elegant new five-story building, now being erected on Walton street, immediately in rear of the postoffice. Before making the move everything in our present repository can be bought at a bargain. It may be a new departure for a buggy and carriage house, but we propose a clean sweep. Hardly necessary or possible to enumerate, but you will find almost everything on wheels, from the very finest down to medium grade. We cordially invite you to call and see for yourselves, or send for catalogue and prices. Standard Wagon Co., Alabama street. T. M. Barna, manager. mar26-dim

**WHY Will You Take the Queen and Crescent Route?**  
Because it is the best line and gives better accommodations. Through sleepers to Cincinnati on all trains, arriving at Cincinnati in time to make all the connections for the east and north-west. Sleepers on all trains for New Orleans and New York. Making connections at New Orleans with all the lines west. For rates and other information write or call on S. C. Ray, passenger agent, 2407 First avenue, Birmingham, Ala.

**Are You Engaged?**  
Is so you would not be disappointed about your wedding invitations, would you? Guard against this disappointment by having your wedding reception and visiting cards engraved by J. F. STEVENS & CO., fashionable engravers, 47 Whitehall street, who do their work in their own establishment in this city in the most elegant manner possible. Other houses send their work to the north to be done, thus entailing delay and uncertainty. Keep your money at home and have your work done by a home establishment who have the finest facilities for doing work with promptness.

Auction sale of the last of the Inman Park lots, Wednesday, April 22d, at 3 o'clock p. m.

### COPEHILL

Auction Sale,  
Tuesday, April 28th,  
BEGINNING  
AT 3 O'CLOCK P. M.

Here is an opportunity to buy a choice residence lot for a great deal less money than you will get in the future. The demand for this kind of real estate grows daily. The location, just east of the city limits, overlooks all of the surrounding hills and low grounds. A fine electric car runs through this property every few minutes, giving prompt and rapid transit through the entire city. The water is pure, cold, frost-free; the neighborhood the equal of any in the south; Senator Colquhoun, Colonel T. E. Walker, Judge Palmer, et al., live in the immediate neighborhood. Go out and examine the lots, see the beautiful drives and weigh the advantages. You will conclude that right now is the time to buy. No investment has ever paid as handsome profits, as good real estate, and no person has bought a piece of first-class property in or near Atlanta, since it was Martha'sville, and failed to realize big returns from its sale.  
Home hunters now appreciate the fact that the business of Atlanta is increasing so rapidly that the noise and bustle near the center of the city create a great desire for lots on the hill tops that are just outside of the city. This is true around New York, Chicago and all the great cities.  
Copehill then is the very place to supply this demand. Then look ahead and buy while these lots are cheap, for, if you delay, you must pay more money. If you are not ready to build, secure your lot at this sale, for nothing will pay you such interest.  
H. L. WILSON,  
J. C. HENDERSON,  
Auctioneers.

### AMUSEMENTS.

Scientific Optician. One-Half Price. 28 Marietta Street, Old Capitol Building.

## INMAN PARK

Auction Sale

Continues Right Along, Wednesday, April 22d, Beginning Promptly at 3 O'Clock.

The demand for these lots is very great. I know that \$400 profit has been offered on one that was sold on the 14th. As the number diminishes the value increases. Just as certain as grass grows and water runs, the man that fails to get one of these lots on WEDNESDAY, 22d, will regret it the balance of his life, because he will be forced to either pay his neighbor a big profit or take an inferior locality and pay a bigger price for even that privilege. Atlanta is growing so rapidly in wealth and population choice lots are increasing in value almost daily. Inman Park is building up remarkably fast. Some of the finest private residences in Georgia are to be seen today in the park, while the best architects in the country are now at work perfecting plans for people who will build there this summer. Plans can be had at my office, showing the unsold lots. Remember this may be your last opportunity to get one at so cheap a figure, for I am instructed to sell them for just what the best bidder will pay. This entire property is in the city, with gas, water and sewerage. The electric line is now being placed on Hart street, and in a few days the cars will connect with Euclid avenue. Take the cars at Pryor street, and be at the park by 3 o'clock. Every lot offered will absolutely be sold.

## H. L. WILSON,

Real Estate Agent, 3 Kimball House, Pryor Street.

\$1,000 for 50x100 to 10-foot alley on West Baker street, near Williams.

\$75 per front foot will buy one of the choicest lots on North Boulevard, nearly opposite the Kheelbick block. This is a bargain.

We have lots, houses and lots, in all parts of the city. Call and see us before purchasing.

## BROWN & WATSON,

MARIETTA STREET.

## KNIGHTS OF THE GRIP.

THEIR ENTHUSIASTIC MEETING AT THEIR ROOMS.

Directors for the Bank Selected—A Banquet. Preparing for the Augusta Convention.

The Southern Travelers' Association held a meeting of importance at their rooms in the old capitol building, Saturday night.

There were in reality two meetings—one for the organization of the Commercial Travelers' Savings Bank, the other to make necessary arrangements for the drummers' convention to Augusta on May 4th.

For the Bank.

At the former, Mr. George P. Allen, was elected chairman, Mr. A. C. Hook secretary. Mr. Allen briefly stated the purposes of the meeting, and then the ball was set in motion.

There were thirty stockholders present, representing about 1250 shares, and from the start they manifested a thorough interest.

A committee, consisting of Messrs. David H. Browder, W. A. H. Phelps and John A. Daily was appointed to make nominations for the directorship of the new bank. It resulted in the election of the following twelve gentlemen:

Messrs. J. G. Ogleby, J. D. Turner, J. M. Green, C. S. Kingsberg, J. F. Gains, C. L. Brannan, W. A. Gregg, Daniel O. Dougherty, A. L. Kuntz, G. P. Allen, J. C. Kirkpatrick and C. D. Montgomery.

The opinion was unanimous that a board better fitted for the work or more in sympathy with the undertaking could not have been chosen.

Mr. John M. Green then announced his desire to make the report of the board of managers, of which he was chairman. As adopted it was:

Resolved, That the board of managers be, and they are hereby, directed to have inserted in the charter of the Commercial Travelers' Savings Bank a clause whereby the board of directors shall be the first board of directors, and they shall hold their offices for one year and until their successors are elected. Power shall be conferred on said board to elect all the officers of said corporation, and also to fill all vacancies in the board, and a majority of said board shall have power to act.

As to Augusta.

There was no more business to be transacted, and with this the stockholders adjourned.

Immediately afterward the Travelers' Association convened, presided over by Mr. J. M. Green. Mr. G. P. Allen was chosen secretary.

The first thing done was the appointment of Messrs. J. M. Robinson, A. C. Hook, G. W. Brook, G. P. Allen and H. L. Atwater as a committee to select delegates and alternates to the convention; and Messrs. W. H. H. Phelps, Emil Frank, G. D. Brewster, J. W. Thompson and J. M. Robinson as a consent committee.

Then the decoration of the train was mentioned, and at its conclusion the members indulged in rousing talks in behalf of the convention.

Mr. Charley Brannan made a strong talk. There is no more earnest member of the association, and Mr. Brannan gave a splendid talk that brought forth great applause.

There is no denying the fact, when the Atlanta boys march through the streets of Augusta, with their black silk hats, white shirts, white vests, light pants, black coats and light colored canes, they are going to form an attractive set of men, and they are going to be heard from in the convention, too.

The Banquet.

A large number assembled at the conclusion of the meeting at a table covered with delicacies and choice viands.

Mr. W. C. Glenn was called on for a speech and responded. Upon motion Mr. Glenn was requested to go with the delegation to Augusta as spokesman.

"And," said Mr. Emil Frank, "I move that Mr. Allen be chosen alternate, with an earnest request not to fail to join us."

This was unanimously carried.

Progress.

It is very important in this age of vast material progress that we should be pleasant to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

Biliousness, constipation, torpid liver, cured by Dr. Miles' Nerve and Liver Pills, 5 doses 25c. Samples free at druggists, or mail 25c. MILES MED. CO., ELKHART, IND.

Postage stamps for sale at The Constitution business office.

## The Liver

When out of order, involves every organ of the body. Remedies for some other diseases are frequently taken without the least effect, because it is the liver which is the real source of the trouble, and until that is set right there can be no permanent cure. Mercurials, in some form, is a common specific for a sluggish liver; but a far safer and more effective medicine is

## Ayer's Pills.

For loss of appetite, bilious troubles, constipation, indigestion, and sick headache, these Pills are unsurpassed.

"For a long time I was a sufferer from stomach, liver, and kidney troubles, experiencing much difficulty in digestion, with severe pains in the lumbar region and other parts of the body. Having tried a variety of remedies, including warm baths, with only temporary relief, about three months ago I began the use of Ayer's Pills, and my health is so much improved that I gladly testify to the superior merits of this medicine."—Manuel Jorge Pereira, Porto, Portugal.

"For the cure of headache, Ayer's Cathartic Pills are the most effective medicine I ever used. I have used them for the cure of a headache, and I have found them to be a most effective remedy for constipation, biliousness, and kindred disorders, peculiar to miasmatic localities. Taken in small and frequent doses, these Pills

## Act Well

on the liver, restoring its natural powers, and aiding it in throwing off malarial poisons."—C. F. Alston, Quilman, Texas.

"Whenever I am troubled with constipation, I take a box of Ayer's Pills, and I feel better than I ever did before. I have found them to be a most effective remedy for constipation, biliousness, and kindred disorders, peculiar to miasmatic localities. Taken in small and frequent doses, these Pills

## Ayer's Pills,

PREPARED BY DR. J. C. AYER & CO., Lowell, Mass. Sold by all Druggists and Dealers in Medicine.

## FOREST PARK.

I will publish new plans of Forest Park, showing 175 lots, and give date of sale early in May.

Forest Park is land lot 121, of 14th district, on Central railroad, immediately east of Mott's Pherson's Barracks.

One narrow road runs along the east line, and another through the center of the park.

The new electric car line runs along and through the park for about one mile, and the hour train runs along the west line, giving rapid transit by either route.

Every one of the lots is a "gem." The entire park is covered with beautiful trees, except a few lots around the cottage on Jonesboro drive.

A half dozen clear, bold springs are scattered over the tract.

Each lot is defined by numbered stakes in the ground.

Parties wanting houses in the suburbs, on electric line, main county roads and railroad, that lie well and are beautifully shaded, where the ferns, pansies, wild violets and azaleas shed their fragrance, will find this a lovely spot. Look out for "ads" and plans.

## G. W. ADAIR,

5 Kimball House, Wall St.

## G. W. ADAIR,

Real Estate.

I will sell, for \$10,000, 4x200 in the best business part of Decatur street.

The best site of residence lots on a dummy line, \$1,200 each.

ALABAMA STREET STORE, 40x116, between Pryor and Loyd street. Call at once for price.

A choice residence on Whitehall street, 50x200; new, modern style; water, gas, etc.

JACKSON STREET LOT, 62½x195, at auction, first Tuesday in May, at courthouse.

## G. W. ADAIR,

5 Kimball House, Wall St.

## ATLANTA REAL ESTATE EXCHANGE.

No. 5 S. Pryor St., Atlanta, Ga.

Last fall we advised our friends and customers to buy all the Atlanta real estate they could get for, and assured them of a good profit. Many of those who followed our advice have realized and are now liquidating in an enlarged balance at their bankers', and the balance are offered a large advance on their holdings.

There is still a good opportunity for profit, and prices will be much higher before the end of the season. Investigate the following, and you will find good bargains:

30 acres, close to new Belt railroad, lays well, and will be close to new electric railway, \$200 per acre.

15 acres at Norcross, with railway frontage, \$400.

10 acres, close to Belt line railway, \$200 per acre.

20 acres, Howell's Mill road, with 3-room cottage, \$22,500.

25 acres on Western and Atlantic railroad and Howell's Mill road, and adjoining Van Winkle's, \$25,000 per acre.

4 acres, 300 feet front on electric railway, \$6,500.

12 acres, 800 feet front on electric railway, \$10,000.

26 acres, 925 feet front on electric railway, \$51,500.

44 acres, near electric railway, large frontage on public road, fine grove, \$800 per acre.

ATLANTA REAL ESTATE EXCHANGE, 5 S. Pryor street, Atlanta, Ga. ROBERT MILLER, Manager. L. M. WARD, Secretary and Treasurer.

## W. A. Osborn & Co.

12 S. Pryor Street.

\$5,000—7-room house, 10 acres land, 3 miles from car.

\$1,000—5 acres land, bold spring, natural grove, a miles from Kimball house.

\$500 per acre—20 acres on West Hunter street, worth the money.

\$800—Vacant lot right of Highway avenue; cheap.

A bargain on Powers & Leons avenue; close to Boulevard.

\$200 per acre—Boulevard, on electric road.

10 acres on electric line, 1½ miles from Kimball house.

\$200 per front on Jackson street; 200 feet deep.

Bargain—12-room, Gordon street, West End; cheap. Always good bargains. Come to see us.

W. A. OSBORN & CO.

## Go to the Constitution Business Office for your stamps.

## SAMUEL W. GOODE & CO.'S

REAL ESTATE OFFERS.

46 acres of land, with 1,800 feet front, on the E. T. V. & G. and the A. & P. railroads, just 3 miles from the center of the city, and with 1,400 feet road front; one of the best manufacturing sites near the city; on it is a clear, bold spring that adds greatly to its value for a business where good water is an object, such as ice factory, etc.; lies well, and is just the place to locate a large factory; call and get a plan and let us show you the land; price \$200 and acre.

\$5,000 for high and level Juniper sprout, 10x200 feet lot; covered with beautiful oak grove; water, gas and sewer at 18; easy terms; very cheap.

\$7,000 for high and shady corner lot, 20x210 feet, between the two Peachtree, and right in the line of the many improvements being made in this locality; 10 cash; balance, land 5 years.

We have for sale the best strictly central store property on the market for the money. It is one of our most prominent business streets, only a few hundred feet from the union depot. Lot 60x120 feet to side alley. The building is 10x100 feet, 3-story brick, with good basement. Capitalists will find it to their interest to investigate this.

\$25,000 for store property on Decatur street, 57x97 feet. Is the best business property in the city at price asked. On it are some small stores that may be good for the value of the improvements. Liberal terms. It is very cheap.

\$1,100 for 3 beautiful, high and level lots, covered with grove and each 50x150 feet, on Marietta road, near Van Winkle's Road, paved in front of them. The nice place to build up by good people. Terms 10 cash, balance 1 and 2 years.

\$26,000 for very central Marietta street property, 42x105 feet, to alley. A good investment.

\$6,500 for two new 1-room, 2-story residences, on lot 12x100 feet, close in, near Forsyth street and in splendid renting locality. Water and gas. Will pay well on the investment. Call and inspect. Electric car on half block.

\$1,000 per acre for the prettiest 20-acre tract in Fulton county. Over 800 feet front on electric car line and just 3 miles from center of city, but the most fashionable drive in the city. Lies beautifully and covered with grove. Will subdivide into liberal terms.

\$250 for 2000 each, for beautiful Edgewood lots, close to railroad and dummy line. Each 50x175 feet to 10-foot alley. Are high and level, and in strictly first-class neighborhood. Terms 10 cash, balance 1 and 2 years. Very choice property.

## GOOD MORNING

Are You Reading

## EISEMAN BROS. AD

Atlanta has never been so full of interest since the first Piedmont Exposition. A popular artistic and intellectual renaissance has come upon the city. That the store has caught sight and touched elbows with the movement is evident in the simple grace and large effect of the Summer Neckwear display.

It is not over-bold for us to say it. Why should we not echo what everybody declares to be true? The grandest stride in great retailing was taken with the advent of two thousand styles in Neckwear in Four-in-Hands and Windsor Scarfs opened recently at nominal prices. The writer could gush over the brilliant panorama of Lawn, Linen, Silk, Satin, Crepe de Chine, Mousseline de Soie, Grenadine and the like. Charming rich with cloud colors, with the glow of gentle sunsets, with the tints of shell, sky and sea and all that. Price 25c to \$2.00.

We are making a big bid for the Fine Neckwear Trade. Here's the newest effects from Paris and London, and the dandiest designs made by

## F. M. Walton, Rufus Waterhouse,

Auerbach, Hovel, Stein & Co., Weld, Colburn & Wilkens, Fish, Clark & Flagg.

## Collars and Cuffs.—The

styles go into scores, the variety stays fresh. They come, they go; no stagnation; nothing among them old. The newest designs, in the best qualities, by the very toniest makers. Our sale of Neckwear is cumulative.

## E. D. BLACK EISEMAN BROS.
